## EXPERIENCE

2022 - 2023

### ALX Software Engineering

Backend Developer

I Completed the Alx Software Engineering Program with a focus on back-end development. Proficient in C, Python, and SQL databases. Hands-on experience in front-end technologies. I am excited to advance my back-end development skills further.

## PROJECTS

EDUCATION

2022 - Present

BSC in Software Engineering

African LeaderShip University

2018-2021

High School Diploma

G S Remera Rukoma

CERTIFICATION

2023

HTML, CSS, and JavaScript for Web Developers

I have completed the 'HTML, CSS, and JavaScript for Web Developers' certification from Johns Hopkins University on Coursera. This comprehensive program gave me the skills and knowledge to develop modern and interactive web applications. Through this course, I gained expertise in front-end web technologies, enhancing my proficiency in HTML, CSS, and JavaScript and enabling me to create user-friendly and visually appealing web solutions.

2023

Adimin Dashboard

I spearheaded the development of a feature-rich React-based Administrator Dashboard application designed to streamline business and organizational management. The app leverages Material-UI (MUI) and offers various data visualization components, such as bar charts, line charts, pie charts, and geographical charts.

REFERENCE

Kevin Kubwimana

He is a Facilitator at ALX in Rwanda, Someone I respect, and he was a good mentor for me.

Aaron Ruhigande

He is the head teacher at G S Remera Rukoma, a good leader, and I look up to him.
